### **Job Qualifications**

- High school diploma

### **Key Characteristics**

- Good communicator
- Organized
- Quick learner
- Motivated
- Attention to detail
- Safety orientated
- Service orientated

### **About our Company**

Mammoet helps clients improve construction efficiency and optimize the uptime of plants and installations. For that purpose, we provide solutions for lifting, transporting, installing and decommissioning large and heavy structures.

Our services are focused on the petrochemical and mining industries, civil engineering, power generation and offshore projects. The logistic challenges in these industries are growing daily. Factors such as remote locations, harsh climates and a strong emphasis on the environment are constantly driving us towards smarter and safer solutions.

We provide the following services:

- Engineered lifting and transportation services
- Lifting, transportation and installation of modular constructions
- Factory-to-foundation projects
- Plant turnaround logistics
- Salvage and wreck removal
- Decommissioning of onshore and offshore installations
- Trading in new and used equipment worldwide

For over two hundred years, we've been known for the unique capability of our state-of-the-art equipment. But it's the trust of our clients that has brought us where we are today. Their confidence inspires 5,000 Mammoet professionals to give it their all each day and truly make a difference in projects all over the world.

## About our region

This will be a full-time position operating out of our Edmonton, AB branch.

## Benefits

Salary will be commensurate based upon education and experience. Mammoet offers competitive wages, health benefits and RRSP contributions. In addition to this, we offer an engaging environment in which a variety of career development and growth opportunities exist to our employees both locally and internationally. Mammoet is an existing benefactor for variety of local and national charity organizations and also provides support for our own employees' extracurricular activities.
